Thanks to the marvels of the internet and e-mail, we are able to help you save time at your next appointment with East Bay Eye Center. Enclosed are the necessary forms for your upcoming appointment.

We advocate regular medical examinations to safeguard the health of your eyes. New diagnostic and treatment techniques allow us to detect abnormalities early so that successful treatment can be initiated. Our initial examinations are very thorough, so allow two hours for your appointment for a dilated examination. Please bring your eye wear and a list of all of your eye drops and oral medications, including over-the-counter medications and supplements.

Hours & Scheduling:
The doctors of the East Bay Eye Centers see patients, by appointment only, Monday through Friday. If you are not able to keep your appointment, please give us 24 hours notice. We bill $50.00-$200.00 for appointments that are missed without notice. If you are running late, please call the office as soon as possible so that we may attempt to accommodate your needs.

What to Expect:
The length of your appointment can vary based on the severity and complexity of your eye condition. As we are a referral practice, frequent and unpredictable emergencies are sent to us for our immediate attention, and our appointment schedule, at times, may be delayed. Depending on what you’re being examined for, both of your eyes may be dilated and this can affect your ability to drive. It is recommended that you arrange for transportation to and from our office.
KNOW YOUR INSURANCE
There are hundreds of different insurance plans. They are sometimes complex and difficult to understand. We take over 500 insurance plans. It is to your advantage and your responsibility to know your insurance.

Who is my PCP?
Your “PCP” is your Primary Care Physician. We are your “Specialist” Physicians. If you have an HMO or POS plan (indicated on your insurance card) you will need to select a PCP. Some PPO and EPO plans also require PCP’s and doctors within your network.

Which Providers can I see on my insurance plan?
If you have an HMO plan, please check which “Medical Group” you are assigned. This is usually found on the front of your insurance card near your PCP’s name. An “IPA” is another system that your insurance assigns to you in place of a “Medical Group”. The function is the same.

Each HMO insurance plan assigns its patients to a particular Medical Group or IPA. Individually, all of your Providers including Specialists must be contracted with your assigned Medical Group. Your PCP should be able to select the Specialists that you are eligible to visit. Your PCP also provides you with an “Authorization” to receive care from a Specialist. Since we are a Specialist office, you will need to have an Authorization for your care with our specialist. It is your responsibility to obtain an authorization from your PCP if you have HMO or POS coverage. Your Specialist is not required to obtain the authorization for your visits. Please inform our receptionists whenever there is any change in your insurance. This is important to you. If you change insurance and we provide you with service for which we are NOT providers, you are personally responsible for the office visit.

Ask Yourself:

• Do I need an authorization for my upcoming office visit to East Bay Eye Center?
• Have I recently gotten a new insurance card?
• Is my Medical Group the same?
• Do I need to call my PCP or Insurance Company with any Questions?

Please take a moment and learn about your insurance coverage. We are concerned about continuing to provide you with the best possible medical eye care possible and your knowledge about your coverage will help us to do our job.

Thank you, Office Manager.
Please, PRINT, READ, SIGN and DATE ALL FORMS where indicated.
If you have any concerns about a question on these forms, we will be happy to help you when you come in for the appointment.
This Patient Packet contains 14 pages including a Map to our new spacious offices.

PATIENTS WITHOUT INSURANCE

Our fees cannot always be determined in advance, since they depend on services rendered.  
FULL PAYMENT IS DUE AT THE TIME OF SERVICE.

PATIENTS WITH INSURANCE

We require you to show your current insurance cards at each visit. 
Although we bill your insurance company or Medical Group for services rendered, you are financially responsible for all services rendered. If payment has not been received within sixty (60) days of billing your health plan or Medical Group, we will contact you for assistance. Should your health plan or Medical Group deny coverage for any reason, you will be responsible for payment in full within thirty (30) days of your billing statement.

MEDICARE

We will bill Medicare, secondary and tertiary health plans for you. You must, however, supply us with the most up-to-date and correct information at the time of your visit. You will be responsible for your deductible and co-pays. If you do not have a supplemental insurance, or if you do not bring your card, you will be required to pay the 20% that Medicare does not, at the time of your visit.

PRIVATE INSURANCE

Insurance is a contract between you and your insurance company. We file insurance claims as a courtesy to our patients. We cannot become involved in disputes between you and your insurance company regarding deductibles, co-payments, etc. other than to supply factual information as necessary. You are responsible for the timely payment of your account. If you have a co-pay or deductible, plan to pay it at the time of your visit.

HMO/PPO

CO-PAYMENT AND DEDUCTIBLES ARE DUE AT THE TIME OF YOUR VISIT. YOU MUST HAVE A CURRENT AUTHORIZATION/REFERRAL AT THE TIME OF YOUR VISIT.

Medicare/Medi-Cal or State Medi-Cal

We are no longer Medi-Cal providers. We cannot see you if you have Medi-Cal as a Primary Insurance or a Supplemental Insurance.
MISSED APPOINTMENTS

I understand that there will be a minimum $50.00 charge for any missed office appointments without a 24-hour notice. ($100.00-$200.00 fee for multiple appointments scheduled in the same visit, i.e. testing with your doctor visit, multiple family members, etc.) If you arrive 15 minutes or later, you may need to be rescheduled.

SURGERY CANCELLATION FEES

There is a $300.00 cancellation fee if you have to cancel or reschedule your surgery. This fee is waived if it is cancelled by your physician for medical reasons. Scheduling surgery is extremely time consuming, therefore we ask that you are sure of your dates prior to committing to them.

LATE FEES

There will be an additional 10% charged for unpaid balances after 60 days and an additional 15% after 90 days. After 120 days the balance will go to collections. These charges are enforced after payments from insurance.

FORMS AND MISCELLANEOUS FEES

Due to the large number of forms received by our office we have been forced to charge for their completion. An example of charges is listed below.

FORMS

Private or Miscellaneous forms, (including DMV forms) ..........................................................$10.00
Specialty letters per patient request....................................................................................................$25.00
(Grievance, appeals or letters of medical necessity)
Copies of testing.................................................................................................................................Black & White $5.00, . . . Color $25.00

*Fees for copies of your records are found in the HIPAA Policy. This includes sending copies to other doctors.

PRIOR AUTHORIZATION for denial of prescription medications......................................................$15.00

RE-BILLING FEES

If we are not provided with the most current insurance information, and we have to re-bill, there will be an additional $20.00 charge.

We accept cash, checks and most major credit cards (we do not accept American Express)

Thank you for understanding our financial policy.

Please let us know if you have any questions or concerns.

I, THE UNDER SIGNED, HAVE READ AND UNDERSTAND THE ABOVE INFORMATION.

NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED, HOW YOU CAN GET ACCESS TO THIS INFORMATION, YOUR RIGHTS CONCERNING YOUR HEALTH INFORMATION AND OUR RESPONSIBILITIES TO PROTECT YOUR HEALTH INFORMATION. PLEASE REVIEW IT CAREFULLY.

State and Federal laws require us to maintain the privacy of your health information and to inform you about our privacy practices by providing you with this Notice. We are required to abide by the terms of this Notice of Privacy Practices. This Notice will take effect on September 23, 2013, and will remain in effect until it is amended or replaced by us.

We reserve the right to change our privacy practices provided law permits the changes. Before we make a significant change, this Notice will be amended to reflect the changes and we will make the new Notice available upon request. We reserve the right to make any changes in our privacy practices and the new terms of our Notice effective for all health information maintained, created and/or received by us before the date changes were made.

You may request a copy of our Privacy Notice at any time by contacting our Privacy Officer, Deborah Valentine, COT, OSA. Information on contacting us can be found at the end of this Notice.

We will keep your health information confidential, using it only for the following purposes:

Treatment: While we are providing you with health care services, we may share your protected health information (PHI) including electronic protected health information (ePHI) with other health care providers, business associates and their subcontractors or individuals who are involved in your treatment, billing, administrative support or data analysis. These business associates and subcontractors through signed contracts are required by Federal law to protect your health information. We have established “minimum necessary” or “need to know” standards that limit various staff members’ access to your health information according to their primary job functions. Everyone on our staff is required to sign a confidentiality statement.

Payment: We may use and disclose your health information to seek payment for services we provide to you. This disclosure involves our business office staff and may include insurance organizations, collections or other third parties that may be responsible for such costs, such as family members.

Disclosure: We may disclose and/or share protected health information (PHI) including electronic disclosure with other health care professionals who provide treatment and/or service to you. These professionals will have a privacy and confidentiality policy like this one. Health information about you may also be disclosed to your family, friends and/or other persons you choose to involve in your care, only if you agree that we may do so. As of March 26, 2013 immunization records for students may be released without an authorization (as long as the PHI disclosed is limited to proof of immunization). If an individual is deceased you may disclose PHI to a family member or individual involved in care or payment prior to death. Psychotherapy notes will not be used or disclosed without your written authorization. Genetic Information Nondiscrimination Act (GINA) prohibits health plans from using or disclosing genetic information for underwriting purposes. Uses and disclosures not described in this notice will be made only with your signed authorization.

Right to an Accounting of Disclosures: You have the right to request an “accounting of disclosures” of your protected information if the disclosure was made for purposes other than providing services, payment, and or business operations. In light of the increasing use of Electronic Medical Record technology (EMR), the HITECH Act allows you the right to request a copy of your health information in electronic form if we store your information electronically. Disclosures can be made available for a period of 6 years prior to the date on which the accounting is requested. If for some reason we aren’t capable of electronic format, a readable hardcopy will be provided. To request this list or accounting of disclosures, you must submit your request in writing to our Privacy Officer. Lists, if requested, will be $0.50 for each page and the staff time charged will be $20.00 per hour including the time required to locate and copy your health information. Please contact our Privacy Officer for an explanation of our fee structure.

Right to Request Restriction of PHI: If you pay in full out of pocket for your treatment, you can instruct us not to share information about your treatment with your health plan; if the request is not required by law. Effective March 26, 2013, The Omnibus Rule restricts provider’s refusal of an individual’s request not to disclose PHI.

Non-routine Disclosures: You have the right to receive a list of non-routine disclosures we have made of your health care information. You can request non-routine disclosures going back 6 years starting on April 14, 2003.

Emergencies: We may use or disclose your health information to notify, or assist in the notification of a family member or anyone responsible for your care, in case of any emergency involving your care, your location, your general condition or death. If at all possible we will provide you with an opportunity to object to this use or disclosure. Under emergency conditions or if you are incapacitated we will use our professional judgment to disclose only that information directly relevant to your care. We will also use our professional judgment to make reasonable inferences of your best interest by allowing someone to pick up filled prescriptions, x-rays or other similar forms of health information and/or supplies unless you have advised us otherwise.

Healthcare Operations: We will use and disclose your health information to keep our practice operable. Examples of personnel who may have access to this information include, but are not limited to, our medical records staff, insurance operations, health care clearinghouses and individuals performing similar activities.

Required by Law: We may use or disclose your health information when we are required to do so by law. (Court or administrative orders, subpoena, discovery request or other lawful process.) We will use and disclose your information when requested by national security, intelligence and other State and Federal officials and/or if you are an inmate or otherwise under the custody of law enforcement.

HIPAA Notice of Privacy Practices 2013
This form does not constitute legal advice and covers only federal, not state law. Omnibus Rule

National Security: The health information of Armed Forces personnel may be disclosed to military authorities under certain circumstances. If the information is required for lawful intelligence, counterintelligence or other national security activities, we may disclose it to authorized federal officials.

REV 6-01-17v11
Abuse or Neglect: We may disclose your health information to appropriate authorities if we reasonably believe that you are a possible victim of abuse, neglect, or domestic violence or the possible victim of other crimes. This information will be disclosed only to the extent necessary to prevent a serious threat to your health or safety or that of others.

Public Health Responsibilities: We will disclose your health care information to report problems with products, reactions to medications, product recalls, disease/infection exposure and to prevent and control disease, injury and/or disability.

Marketing Health-Related Services: We will not use your health information for marketing purposes unless we have your written authorization to do so. Effective March 26, 2013, we are required to obtain an authorization for marketing purposes if communication about a product or service is provided and we receive financial remuneration (getting paid in exchange for making the communication). No authorization is required if communication is made face-to-face or for promotional gifts.

Fundraising: We may use certain information (name, address, telephone number or e-mail information, age, date of birth, gender, health insurance status, dates of service, department of service information, treatment physician information or outcome information) to contact you for the purpose of raising money and you will have the right to opt out of receiving such communications with each solicitation. Effective March 26, 2013, PHI that requires a written patient authorization prior to fundraising communication include: diagnosis, nature of services and treatment. If you have elected to opt out we are prohibited from making fundraising communication under the HIPAA Privacy Rule.

Sale of PHI: We are prohibited to disclose PHI without an authorization if it constitutes remuneration (getting paid in exchange for the PHI). “Sale of PHI” does not include disclosures for public health, certain research purposes, treatment and payment, and for any other purpose permitted by the Privacy Rule, where the only remuneration received is “a reasonable cost-based fee” to cover the cost to prepare and transmit the PHI for such purpose or a fee otherwise expressly permitted by law. Corporate transactions (i.e., sale, transfer, merger, consolidation) are also excluded from the definition of “sale.”

Appointment Reminders: We may use your health records to remind you of recommended services, treatment or scheduled appointments.

Access: Upon written request, you have the right to inspect and get copies of your health information (and that of an individual for whom you are a legal guardian.) We will provide access to health information in a form / format requested by you. There will be some limited exceptions. If you wish to examine your health information, you will need to complete and submit an appropriate request form. Contact our Privacy Officer for a copy of the request form. You may also request access by sending us a letter to the address at the end of this Notice. Once approved, an appointment can be made to review your records. Copies, if requested, will be $0.50 per page and the staff time charged will be $20.00 per hour including the time required to copy your health information. If you want the copies mailed to you, postage will also be charged. Access to your health information in electronic form if (readily producible) may be obtained with your request. If for some reason we aren’t capable of an electronic format, a readable hardcopy will be provided. If you prefer a summary or an explanation of your health information, we will provide it for a fee. Please contact our Privacy Officer for an explanation of our fee structure.

Amendment: You have the right to amend your healthcare information, if you feel it is inaccurate or incomplete. Your request must be in writing and must include an explanation of why the information should be amended. Under certain circumstances, your request may be denied.

Breach Notification Requirements: It is presumed that any acquisition, access, use or disclosure of PHI not permitted under HIPAA regulations is a breach. We are required to complete a risk assessment, and if necessary, inform HHS and take any other steps required by law. You will be notified of the situation and any steps you should take to protect yourself against harm due to the breach.

QUESTIONS AND COMPLAINTS

You have the right to file a complaint with us if you feel we have not complied with our Privacy Policies. Your complaint should be directed to our Privacy Officer. If you feel we may have violated your privacy rights, or if you disagree with a decision we made regarding your access to your health information, you can complain to us in writing. Request a Complaint Form from our Privacy Officer. We support your right to the privacy of your information and will not retaliate in any way if you choose to file a complaint with us or with the U.S. Department of Health and Human Services.
